

Load the Boat!

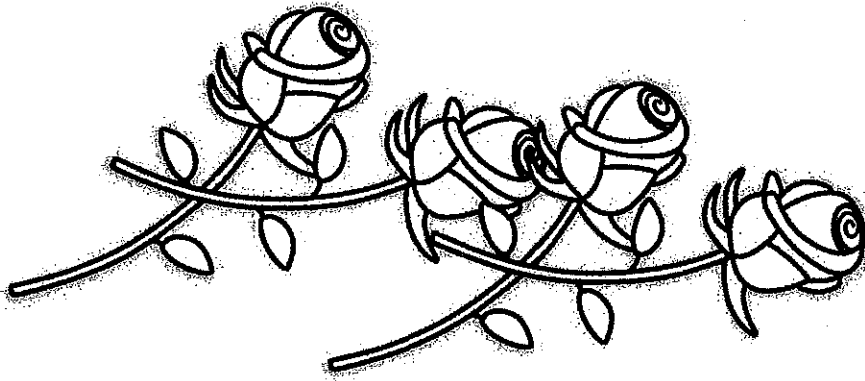

FirstiePhonics

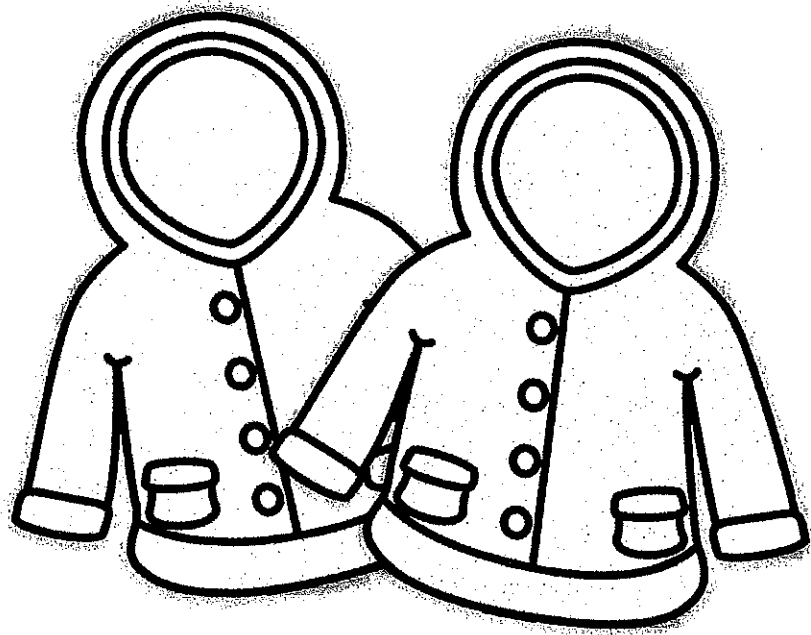

It was time to load the boat.
First, we needed to load cones.

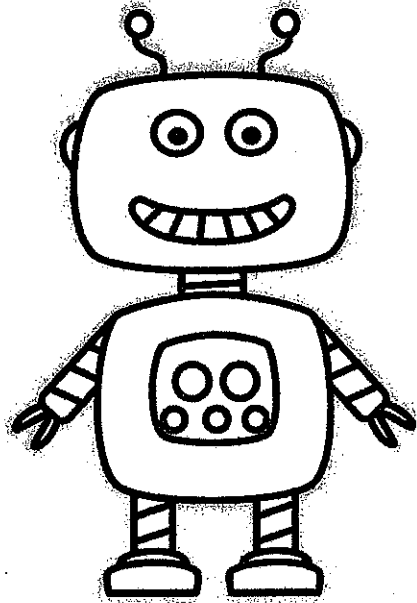

Then, we loaded the next thing.
We loaded a box of jump ropes.

After we loaded the jump ropes,
they said to load a case of roses.

We were not done yet. It was
time to load a bag full of coats.

Finally, they said, "Last, thing to load is this robot." A robot?
